

Course Description

The current *Rite of Christian Initiation of Adults* (RCIA) was promulgated January 6, 1972 and the use of the Rite was made mandatory in all U.S. Dioceses in September of 1988. The RCIA is a process through which non-baptized and baptized men and women enter the Catholic Church. It includes four distinct stages of formation:

- Evangelization or Pre-catechumenate
- Catechumenate
- Period of Purification and Enlightenment
- Mystagogy

In 2001, the United States Conference of Catholic Bishops published the results of a three year study on the implementation of the Rite, *Journey to the Fullness of Life*. The results of this comprehensive study make it clear that the RCIA is essential for the rich and healthy life of the Church in the United States. It is also clear from the study that the implementation of the Rite can be improved in many ways and that the Rite must continue to be a major priority in the local parishes.

Course Objectives:

- This course will help deacons explore the RCIA, using the four stages of the RCIA as the guide for the course.
- By looking to the various stages of formation this course will invite participants to reflect on ways his parish implements the RCIA.
- While previous experience working with the RCIA is a benefit in the course, deacons new to the process and also those wanting to know more about the RCIA should find value in taking this course and be able to help implement or improve the RCIA process in his parish ministry assignment.
